SNOWSTRIKER™ SNOWPLOWS

A blue-tinted photograph of a snowplow. The plow blade is prominent in the foreground, featuring a logo that reads "Hilltip". The truck's cab and headlights are visible in the background. The overall image has a monochromatic blue color scheme.

“In Finland we have snow for 6 months out of the year. We truly know snow removal technology!”

SNOWSTRIKER™ STRAIGHT BLADE & V-PLOW FOR TRUCKS

SNOWSTRIKER™ 2600-3000 SML & 2600-3200 VML FOR 7,5- 18 TON TRUCKS

 www.hilltip.com

This is the first plow of its kind built in Europe for efficient and reliable snow removal even in the harshest winter conditions. The SnowStriker™ 2600-3000 SML and 2600-3200 VML snowplows with lifting device are designed for 7.5-26 ton trucks and municipal machines.

The curved, powder-coated blade is made of high-strength steel, which in this case is the key to our durable but light plow. Two/three segmented cutting edge with trip springs protects the plow and vehicle from impact when hitting obstacles. The cutting edge is available in polyurethane or steel.

STANDARD FEATURES

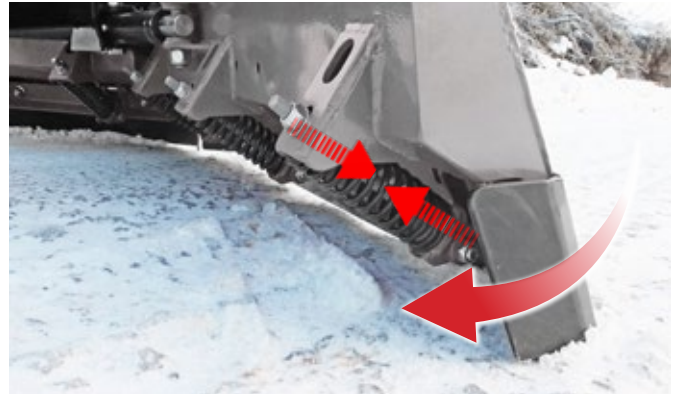

- ✓ Cutting edge in two/three segments with trip springs protects the plow and vehicle when striking curbs or other obstacles. The trip springs on one side of the cutting edge will be compressed when hitting an obstacle, while the other segments stay on the ground.
- ✓ Adjustable attacking angle
- ✓ Equipped with a parallel lifting device
- ✓ Curved blade for optimal snow-rolling effect
- ✓ LED edge-markers
- ✓ Blade tilts and oscillates while plowing on uneven ground for a cleaner scrape (6°)
- ✓ Self-diagnostic in-cabin joystick (only on electro hydraulic model)
- ✓ Direct cylinder lift
- ✓ Direct truck hydraulic

SNOWSTRIKER™ STRAIGHT BLADE & V-PLOW FOR TRUCKS

Orange SML snowplow with light tower, optional

Cutting edge with trip springs

Paralell lifting device for trucks and machines with DIN plate

Joystick for v-plow (only on electro hydraulic model)

OPTIONAL FEATURES

- + Color-options: orange snowplow
- + HTrack™ tracking system (only if used with IceStriker™ spreader/SprayStriker™ sprayer)
- + Light tower with LED headlights
- + Electro hydraulic 12/24V
- + Rounded snow deflector in steel, increases straight blade height with 5 cm (only for straight blade plows)
- + The optional poly deflector will help keep the snow off your windshield (only for V-plows)
- + Various plow cutting edges
- + Plow wheel kit, 200 mm
- + Plow shoe kit

SnowStriker™ SML

SnowStriker™ VML

SNOWSTRIKER™ SNOWPLOWS FOR TRACTORS & LOADERS

SNOWSTRIKER™ SMT & VMT FOR 5-8 TON TRACTORS AND LOADERS

The SnowStriker™ 2600-3000 SMT and 2600-3200 VMT is a medium-duty snowplow designed for 5-8 ton tractors and wheel loaders. Featuring a **tractor and wheel loader A-frame**, as well as a **3-point hitch connection type**, this plow is built for versatility and efficiency.

The curved, powder-coated blade is made of high-strength steel, which in this case is the key to our durable but light plow. Two/three segmented cutting edge with trip springs protects the plow and vehicle from impact when hitting obstacles. The cutting edge is available in polyurethane or steel.

SnowStriker™ SMT in optional color orange

SnowStriker™ VMT in standard color grey

STANDARD FEATURES

- ✓ Cutting edge in two/three segments with trip springs protects the plow and vehicle when striking curbs or other obstacles. The trip springs on one side of the cutting edge will be compressed when hitting an obstacle, while the other segments stay on the ground.
- ✓ Adjustable attacking angle
- ✓ Curved blade for optimal snow-rolling effect
- ✓ Blade tilts and oscillates while plowing on uneven ground for a cleaner scrape (6°)
- ✓ Double acting cylinders

OPTIONAL FEATURES

- + Color-options: orange snowplow
- + Rounded snow deflector in steel, increases straight blade height with 5 cm (only for straight blade plows)
- + The optional poly deflector will help keep the snow off your windshield (only for V-plows)
- + Custom mountings (3-point hitch, EURO/TRIMA, Kramer, DIN 5 mount, etc.)
- + Electro hydraulic 12/24 V
- + Pressure accumulator
- + LED edge-markers
- + Various plow cutting edges
- + Plow wheel kit 200 mm
- + Plow shoe kit

SNOW AND ICE CONTROL EXPERTS

Hilltip is a leading European manufacturer of road maintenance equipment for trucks, tractors, UTVs and more.

The Finnish climate and many years of experience has made us experts in developing the most efficient and durable products for snow- and ice control. The combination of high quality materials and state of the art technology makes it hard to compete with Hilltip products.

Our products are designed, engineered and manufactured in our factory in Finland and distributed worldwide. Head office and production are located in Pietarsaari, Finland and our two subsidiaries, Hilltip Corp. in the US and Hilltip GmbH in Germany.
