Product details for BG 250

BG 250 is a single disc concrete grinder used for floor preparation applications. BG 250 is very easy and comfortable to use with low vibrations. Thanks to its two front handles, it is possible to lift the machine up a flight of stairs. BG 250 has an asymmetric dust exhaust with a built-in deflector for improved/optimised dust extraction. In addition, it is equipped with a special drive system for optimum load distribution.

× **FEATURES**

Discover all features and learn more about the benefits

SHOWING 4 FEATURES

AGGRESSIVE GRINDING

The single grinding head allows all the pressure of the machine to be distributed onto the one diamon...

EFFICIENT DUST MANAGEMENT

This grinder is equipped with a 76 mm diameter dust hose connection for minimised dust exposure...

EASY TO TRANSPORT

Thanks to its two front handles, it is possible to lift this single disc grinder up flights of stairs.
