

JET-IT™ HYDRAULIC HIGH-PRESSURE WASHERS

HYDRAULIC HIGH-PRESSURE WASHERS FOR WHEEL LOADERS & TRACTORS

Jet-It™ HT1555H hydraulic pressure washer

The **Jet-it™ HT1555H hydraulic pressure washer** is designed for **medium-sized wheel loaders and tractors**. It features a 1.8-meter-wide front spray bar and a manual wash gun for versatile cleaning.

Powered by a high-performance hydraulic motor, it delivers up to 150 bar of pressure and a flow rate of 55 L/min. The compact frame integrates an **800 L water tank**, ensuring quick and easy loading and unloading. Equipped with quick hooks for tractors or loaders, it offers seamless attachment for efficient operation.

For smaller machines with less available oil flow, the **Jet-it™ HT1240H hydraulic pressure washer** is an excellent alternative. It operates at 120 bar with a flow rate of 40 L/min and requires an oil flow of 30 L/min. Featuring a **500 L water tank**, it provides powerful cleaning in a more compact design.
